

SS 600 : 2008

Code of Practice for Bunkering Familiarisation

Background

SPRING Singapore and the Maritime and Port Authority of Singapore (MPA) have launched a new standard, the Singapore Standard SS 600: 2008 – Code of Practice for Bunkering, to further enhance consistency in practices in the delivery of bunkers for ships calling at Singapore's port. SS 600 : 2008 sets out guidelines and procedures to ensure that the correct quality and quantity of bunkers are being delivered safely and efficiently.
