

# IMO Model Course 3.20 – Company Security Officer

## IMO Model Course 3.19 – Ship Security Officer

### Objective

Participants would understand the responsibilities and duties of a CSO / SSO. They would acquire skills to conduct briefings, drills, ship security assessments and develop a Ship's Security Plan according to the ISPS code. They would also have the ability to liaise with the Port Facility Security Officer (PFSO).

### Who Should Attend

This course is highly relevant for anyone assigned to oversee and manage ship security including implementation and maintenance of the ship security plan. Senior shore personnel interested in effective implementation of the ISPS code would find it useful as well.

### Course Outline

Module 1: Introduction	Module 7: Threat Identification, Recognition and Response
Module 2: Maritime Security Policy	Module 8: Ship Security Actions
Module 3: Security Responsibilities	Module 9: Emergency Preparedness, Drills and Exercises
Module 4: Ship Security Assessment	Module 10: Security Administration
Module 5: Security Equipment	Module 11: Security Training
Module 6: Ship Security Plan	

### Course Methodology

Lectures, video presentations and group discussions would be employed, maximizing the learning, enriching the experience and retention capability of the participants.

### Duration

9.00am – 5.00pm daily

**SSO:** 2 days    **CSO:** 3 days

### Training Venue

Wavelink Building, Level 3, Maersk Room  
(2 min walk from Lavender MRT Station Exit B, opp ICA Building)
